

yigitoğlu

About Us

Your reputable and reliable business partner...

The reputation we gained by our principled attitude on the path we set off in order to contribute to the commercial life of our country and set our name under sample successes as Yiğitoğlu constitutes the base of our success.

Our family, which started its commercial activities in 1956, has added its activities in the field of “chemicals” to its accretions it matured by its efforts in 1986.

The services and products we offer in two basic categories, being “Professional Cleaning Products and Systems” and “Chemical Product Groups”, ensured that the name Yiğitoğlu is used synonym with quality and reliance.

We deem product and service quality as one, and raise the growth line we caught by the power of our values we don’t compromise, our consistent and modest structure.

The productive continuity we maintain within our entity together with our employees always reflects itself also to our relations with our customers, suppliers and all stakeholders. Our sense for service, taking into consideration the customer needs, meeting them precisely and providing value added solutions with a large product range is among the most important factors which define our identity. And the thorough customer services we provide is inspiring our effort at every stage.

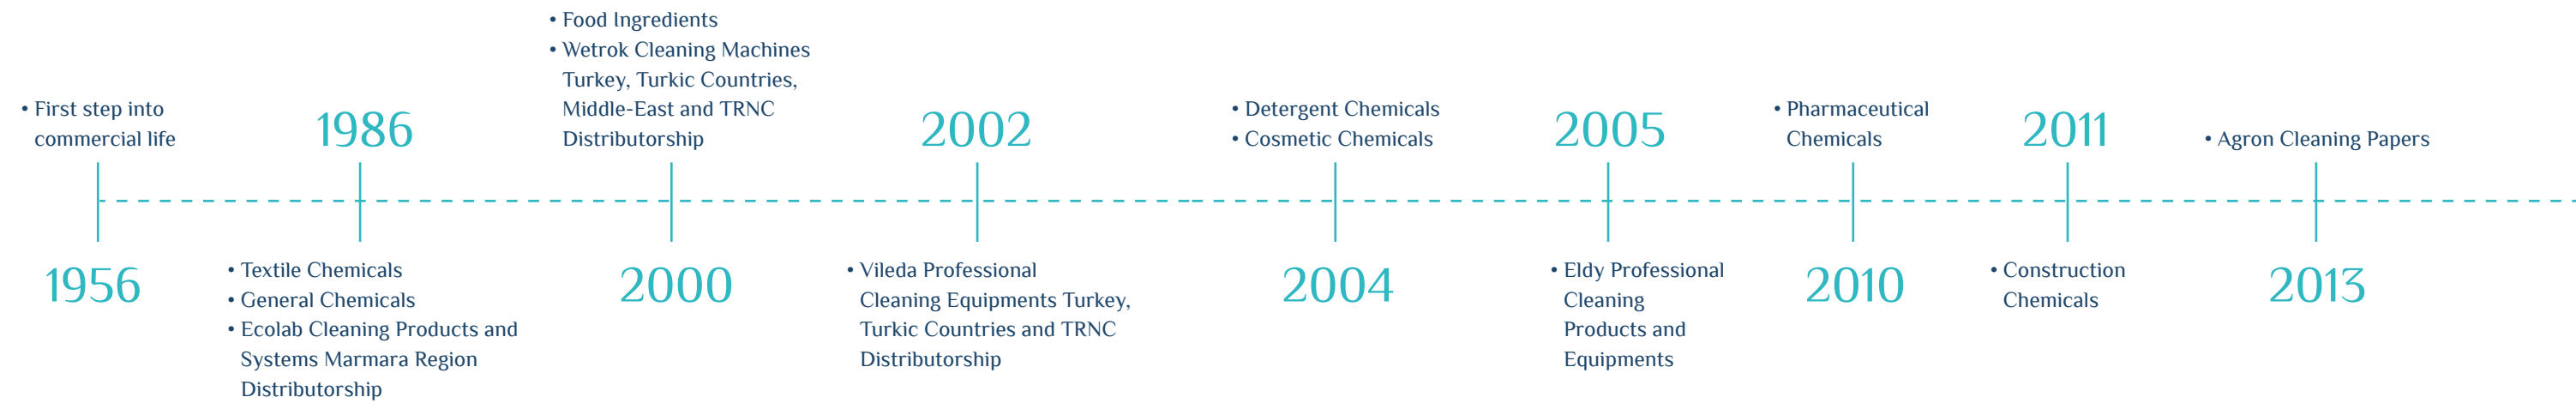

We are always working with the aim to be a sample and a pioneer with our rooted corporate structure, rich corporate culture, high quality human resources, but the most important, with the excitement of the first days.

**We are ready to be your
solution partner on the path to success.**

CLEANING PAPERS

We provide services to many points with collective consumption like restaurants, hotels, hospitals, business and shopping centers, plants and business facilities with the brand Argon, which includes along with consumables like toilet papers, towels, napkins also industrial products like jumbo toilet papers, jumbo towels, dispenser towels, dispenser napkins, and brings a new breath to the sector.

- Toilet Papers
- Paper Towels
- Napkins
- Box Tissues
- Special Products

ECOLAB

CLEANING PRODUCTS AND
SYSTEMS

We are continuing our works which started in 1986 with Ecolab at distributorship level today in many regions of Turkey with the distributorship of textile hygiene, kitchen hygiene, housekeeping, general cleaning products and tools.

- Kitchen Hygiene
- Textile Hygiene
- Professional General Cleaning and Floor Maintenance Hygiene
- Housekeeping Hygiene
- Special Products
- Equipments

CLEANING MACHINES

We are sustaining our “Wetrok” Turkey and Turk States Distributorship, continuing since 2001, with the aim to further increase product range in the professional field and convert the cleaning operations more efficient with innovative products.

We guarantee excellent cleanliness and hygiene with the Wetrok floor cleaning machines, polishing machines, wet-dry vacuum machines, carpet cleaning machines, exterior floor sweeping machines which are fully compatible with each other.

- Cleaning Machines
- Polishing, Washing and Honing Machines
- Wet-Dry Vacuum Cleaning Machines
- Carpet Cleaning Machines
- Exterior Floor Sweepers
- Machine Consumables and Accessories and Spare Parts

WHY YİĞİTOĞLU?

-  It has a rooted history of 60 years, passed without compromising from honesty, full of innovations in the business world.
-  It offers qualitative and reliable products and services with it ethic business sense.
-  It is supplied by the world's best raw material producers..
-  Its delivery is rapid, qualitative and reliable.
-  Its financial structure and technical infrastructure is very strong.
-  It deems şts stakeholders as its “partners”. It adopts long termed and loyalty based collaborations..
-  Its specialist staff is engineer based and experienced in its field.
-  It has a smart storage technology and a high storage capacity.
-  It selects human and environmental health compliant, qualitative materials and equipments.

Our technical services

We aim to provide our customers qualitative and rapid services by our fully equipped technical service team.

Trainings provided to customer's employees

We target that your personnel perform their job more efficient and to take your costs under control by our training programs and convert the whole staff fully equipped.

Demo works

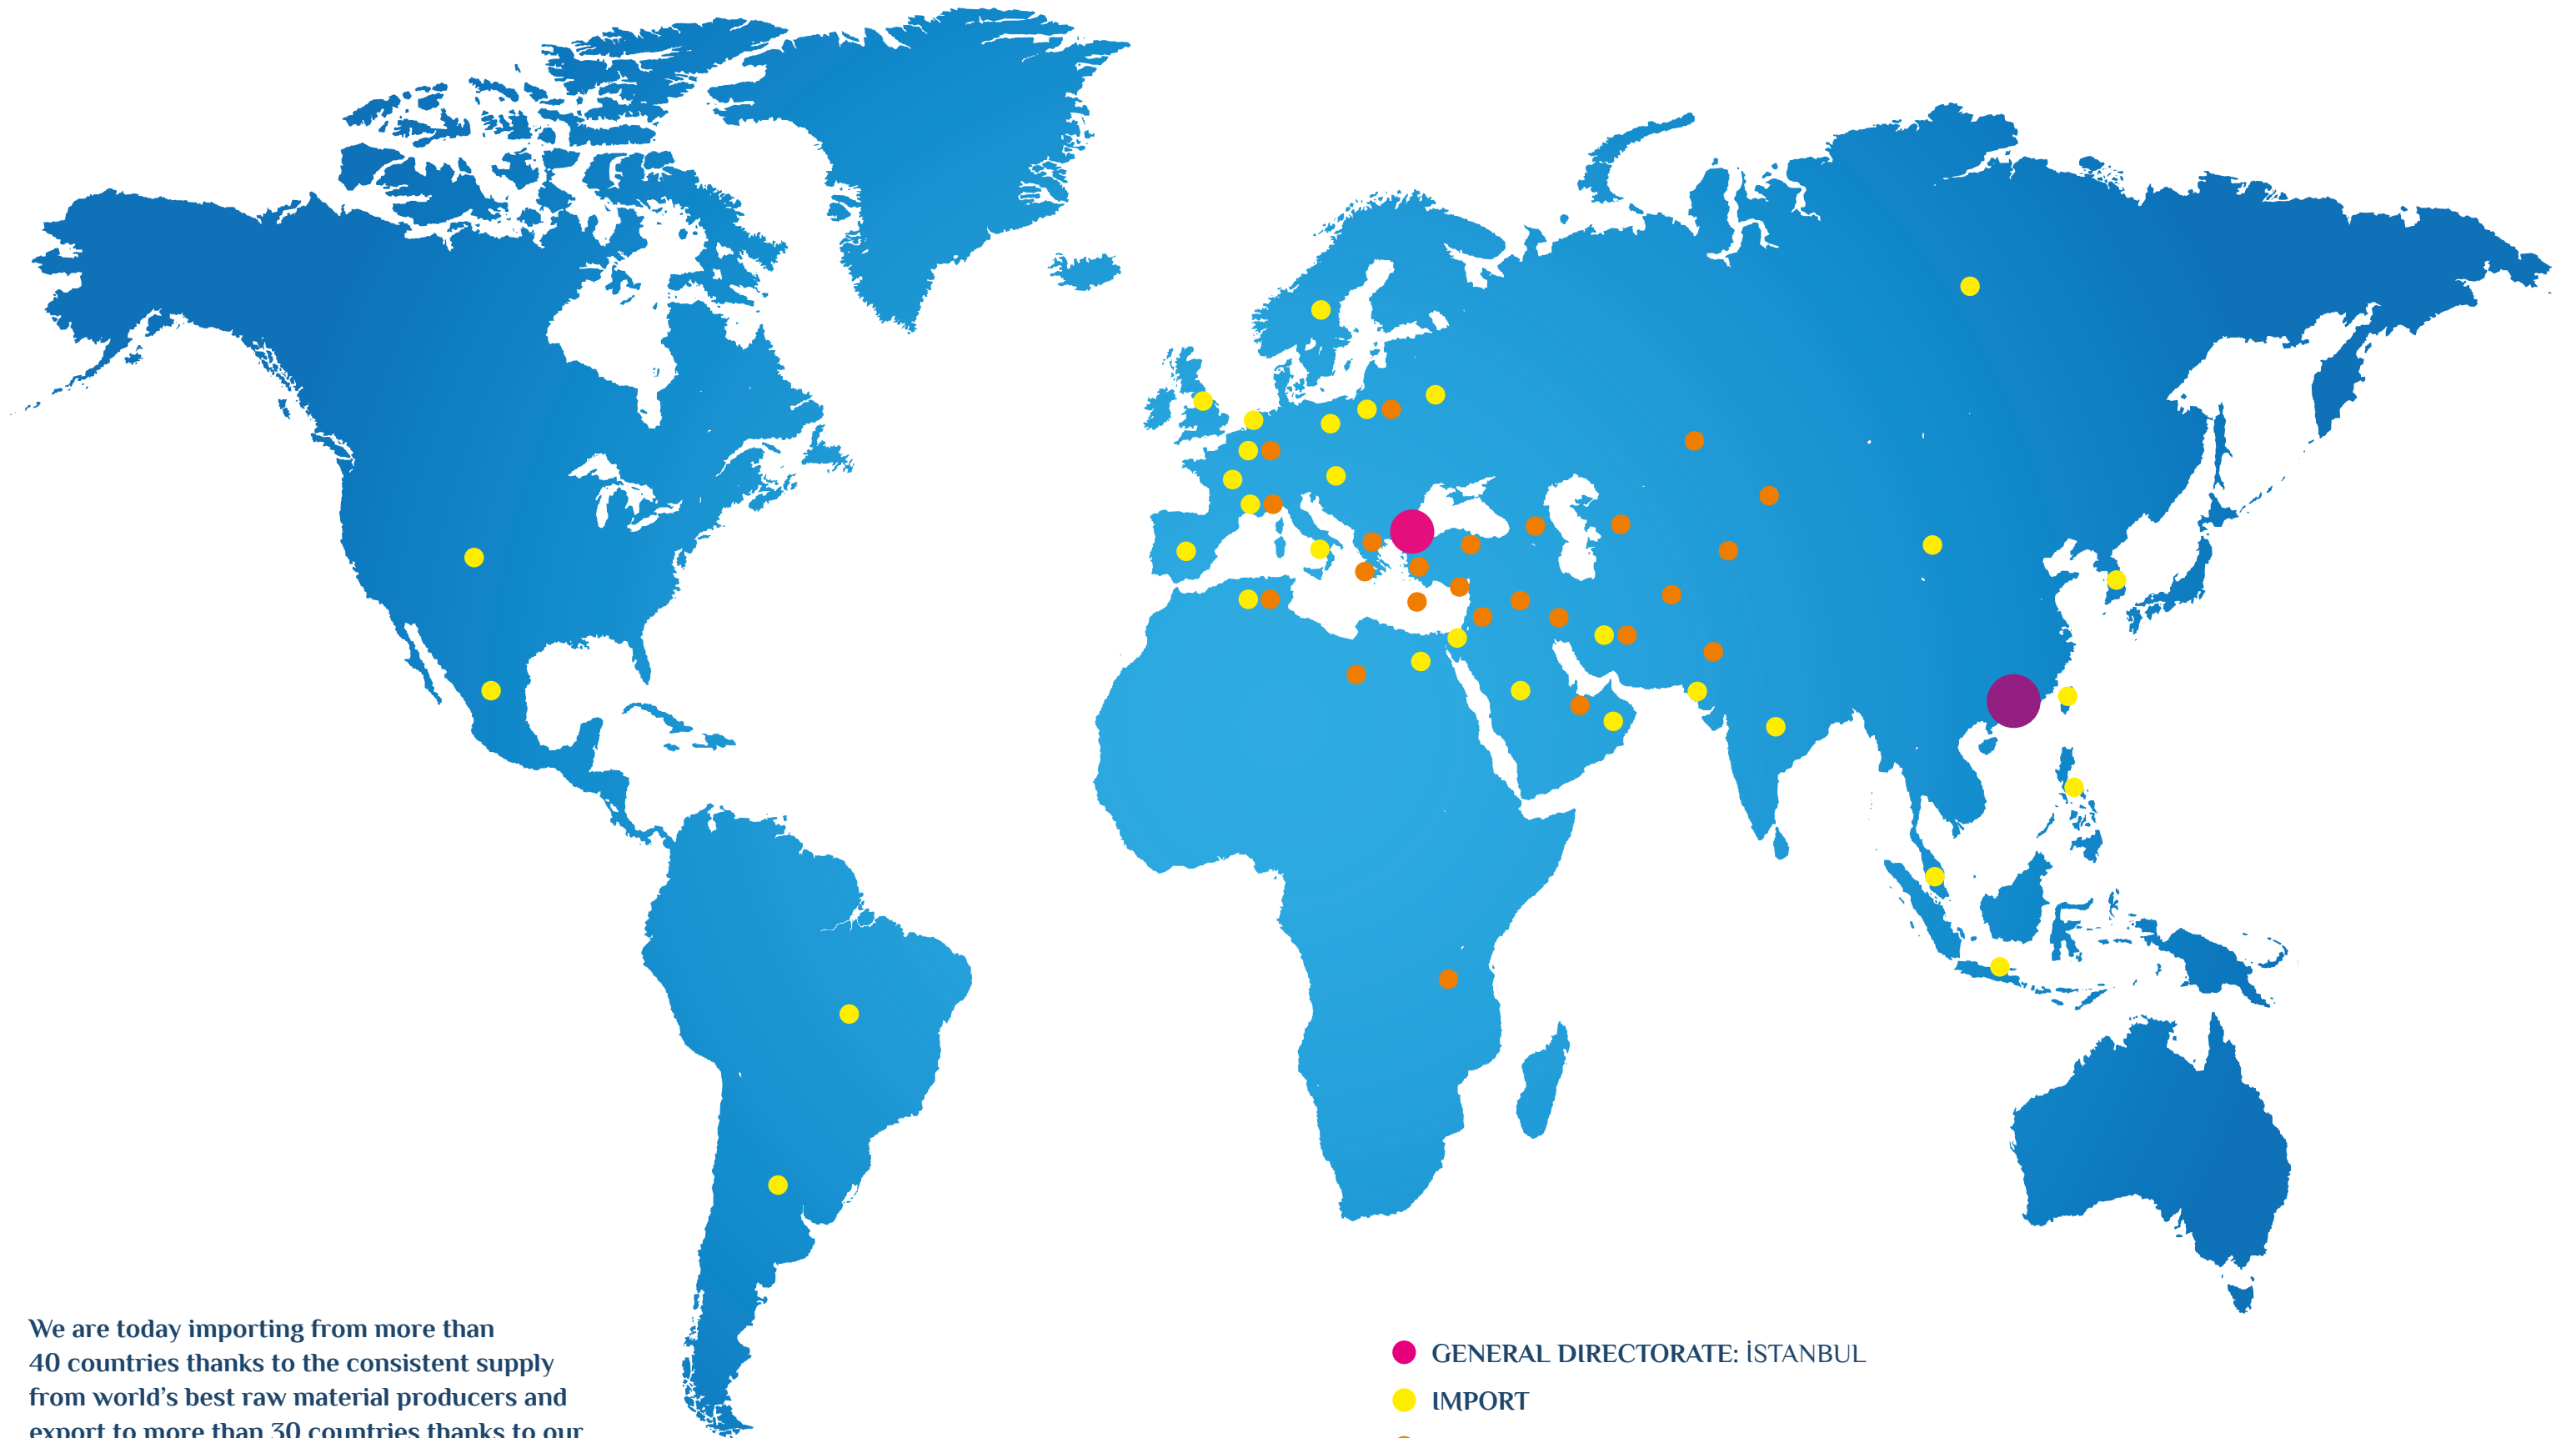

We offer our customers the opportunity to see the performance of the product prior to purchasing the product by performing on site, realistic demo works.

Water, energy and labor saving

We preserve your budget, the environment and your health thanks to our user friendly, ergonomic products, which allow lesser water, lesser energy consumption.

Products, of which the usage is not employee dependent

We ensure that the product usage is excluded from the employee's initiative and that everything in terms of costs and performance are in your control thanks to our special dosing systems, which allow the usage of the products in the same ratio all the times.

We are today importing from more than 40 countries thanks to the consistent supply from world's best raw material producers and export to more than 30 countries thanks to our corporate culture, which is based on customer satisfaction.

Sodium Hydroxide - Pallet
Potassium Hydroxide

Alcohols & Glycols & Solvents

Cetyl Stearyl Alcohol (30/70 - 50/50)
Cetyl Alcohol (16/98)
Stearyl Alcohol
Myristyl Alcohol
Mono Propylene Glycol
Isopropyl Alcohol
Acetone
Berol 226
Decyl Glucoside
Mono Ethylene Glycol
Triethylene Glycol
Optical Brightener (Powder / Liquid)
Antifoam Agent (Powder / Liquid)

Emulsifiers

Laureth 3 / 23
Cetareth 2-12-20-25-30-50-80
PEG 40 Hydrogenated Castor Oil
Castor Oil 40 EO
Polysorbate 20-60-80
Sorbitan Mono Oleate
PEG 40 Stearate
Glyceryl Mono Stearate
Glyceryl Stearate Citrate

Ethylene Glycol Distearate
PEG 6000 (PEG-150 Distearate)
Aluminium Chloro 6 Hydrate

Ion Immobilizers & Phosphonates & Salts

Fosfonat ATMP
Fosfonat DTMPA
Fosfonat DTMPA 7 Na
Fosfonat EDTMPA
Fosfonat HEDP (Powder / Liquid)
Fosfonat PBTCA
Acrylic Acid Maleic Acid Anh. Copolymers
Acrylic Acid Homopolimer / Polyacrylic Acid
EDTA H / 2 Na / 4Na
NTA 3 Na
Sodium Molibdate
Sodium Bisulphate
Zinc Oxide
Zinc Chloride
Copper Sulphate
Barium Sulphate
Ammonium Biflouride
Ferrous Chloride Tetrahydrate
Ferrous Sulfate
Poly Aluminium Chloride (Powder - Liquid)
Calcium Chloride
Anionic Poly Phosphate (Ecopac)
Thickeners & Amineoxides
Oleyl Amine 2 EO
Lauryl Myristyl Amine Oxide
Hydroxy Ethyl Cellulose (HES)
Carboxy Methyl Cellulose (CMC)
Coco Amine Oxide
Cationic Thickener
Guar Hydroxy Propyl Trimonium Chloride

Preservatives & Uv Absorbers & Enzymes

Enzyme (Powder / Liquid)
Corrosion Inhibitor
Methyl Paraben
Methyl Paraben Sodium
Propyl Paraben
Phenoxyethanol
Mix Preservatives
Methylisothiazolinone
DMDMH Hydantoin
Formaldehyde
Triclosan
Povidone Iodine
Benzophenone 3 - 4
Uv Absorber
Octyl Methoxy Cinnamate
Chlorhexidine Gluconate
Benzalkonium Chloride %50 -%80

Vitamins & Waxes

Climbazole
Zinc Pyrithione
Menthol (Crystals)
Tocopheryl Acetate

Panthenol
Keratin
Carnauba Wax
Candelila Wax
Beeswax
Shea Butter (Shebu Refined)

Oils & Mousturizers

PQ 6-7-10-11-28-39
Liquid Paraffin
Glycerin (Pharma)
PEG-7 Glyceryl Cocoate
Petroleum Jelly
Paraffin Paste
Paraffin Wax

Dyes - Pigments & Essences & Flavours

Organic Dyes And Pigments (Water Soluble - Oil Soluble)
Fragrance (Personel Care - Home Care - Air Freshener)
Flavours (Oil Soluble - Water Soluble)
D-Limonene

Automotive & Industrial Products

ATP 70 (Automotive Torpedo Polish)
Fbt Cleaner
Silicone Emulsion And Silicone oil
Steel Polish

COSMETIC CHEMICALS

We are working together with the world's best brands in order to ensure that our products we offer in the category raw materials towards personal care and hygiene, colored cosmetics, dermo-cosmetics, skin and hair care are primarily safe and healthy, and offer our customers up-to-date formulations and any type of technical support with our specialist team in our R&D and quality control laboratory.

We are always and on every issue the solution partner of our customers with our ECOSERT certified products, our certificate and document management in accordance with the requirements of the Ministry for Health.

Surfactants

Amines & Ethanolamines

Acids & Alkalies & Salts

Alcohols & Glycols & Solvents

Surfactants

SLES %28 - 70
Ammonium Lauryl Ether Sulfate
Disodium Laureth Sulfosuccinate
Sodium Lauryl Sulfate (Powder / Granule)
Betain %35 - 45
Cocodiethanolamide - Cocoamid DEA
Cocomonoethanolamide - Cocoamid MEA
Sodium Cocoamphoacetate
Pearlizing Agent
Opacifying Agent
Cetrimonium Chloride

Amines & Ethanolamines

Monoethanolamine
Diethanolamine
Triethanolamine

Acids & Alkalies & Salts

Oleic Acid
Coconut Fatty Acid
Stearic Acid (18/38 - 18/43 - 18/65 - Rubber Grade)
Sulfamic Acid
Phosphoric Acid
Hydrochloric Acid
Nitric Acid
Citric Acid
Boric Acid
Borax Decahydrate
Borax Pentahydrate
Sodium Metasilicate Anhydrous (Powder)
Sodium Nitrite
Sodium Percarbonate
Magnesium Stearate

Ammonium Persulfate
(Cosmetic -Technical Grade)
Potassium Persulfate
(Cosmetic -Technical Grade)
Magnesium Sulphate
Hydrogen Peroxide %35 - %50
Sodium Carbonate (Heavy)
Sodium Carbonate (Light)
Sodium bicarbonate
(Technical - Food Grade)
Mono - Di - Tri Sodium Phosphate
Sodium Hydroxide - Liquid
Sodium Hydroxide - Beads
Sodium Hydroxide - Pellets
Potassium Hydroxide

Alcohols & Glycols & Solvents

Cetyl Stearyl Alcohol
(30 / 70 - 50 / 50)
Cetyl Alcohol (16 / 98)
Stearyl Alcohol (18 / 98)
Myristyl Alcohol
Mono Propylene Glycol
Isopropyl Alcohol
Acetone
Decyl Glucoside

Emulsifiers

Laureth 3 / 23
Ceteareth 2-12-20-25-30-50-80
Peg 40 Hydrogenated Castor Oil
Castor Oil 40 EO
Polysorbate 20 - 60 - 80
Sorbitan Mono Oleate
PEG 40 Stearate

Glyceryl Mono Stearate
Glyceryl Stearate Citrate
Etilen Glikol Distearat
PEG 6000 (PEG 150 Distearate)
Aluminium Chloro 6 Hydrate

Ion Immobilizers &

Phosphonates

Fosfonat ATMP
Fosfonat DTMPA
Fosfonat DTMPA 7 NA
Fosfonat EDTMPA
Fosfonat HEDP (Powder / Liquid)
Fosfonat PBTCA
EDTA H/ 2 Na / 4 Na
NTA 3 Na

Thickeners & Amineoxides

HOleyl Amine 2 EO
Hydroxy Ethyl Cellulose - HES
Carboxy Methyl Cellulose - CMC
Coco Amine Oxide
Cationic Thickener
Guar Hydroxy Propyl Trimonium Chloride

Preservatives & UV Absorbers &

Enzymes

Methyl Paraben
Methyl Paraben Sodium
Propyl Paraben
Phenoxyethanol
Mix Preservatives
Methylisothiazolinone

PHARMACEUTICAL CHEMICALS

Our raw material portfolio, addressing the needs of human pharmaceutical, veterinary pharmaceutical, biocidal product, dialysis solution, natural nutrition support products, feed additive and premix products and dermo-cosmetic product manufacturers have all quality certificates required by our customers like the GMP, ISO, Halal, Kosher, Non Gmo and Non-Allergen certificates.

Beside this, we provide the human and the environment respecting products by serving our customers rapidly and consistently with our global supply network with regards to the provision of the raw materials and samples they need at their R&D works.

CONSTRUCTION CHEMICALS

We are growing day by day in the construction chemicals category with the products and services we offer towards the raw material needs of concrete, plaster, cement, dye, ceramics, glass and insulation material manufacturers parallel in with the increasing speed of the urban conversion.

We are in your service with our products, complying with the new generation product demand of the construction sector, which have a superior quality standard, our efficient logistic network and our high storage capacity.

Set Retarders

Defoamers

Pigment And Fillers

Additives For Ceramic And Glass

Additives For Concrete And Cement

Raw Materials For Paint And Coatings

Set Retarders

Citric Acid Anhydrous
Citric Acid Monohydrate
L(+) Natural Tartaric Acid

Defoamers

Powder Defoamers
Liquid Defoamers

Pigment And Fillers

Titanium Dioxide - Anatase
Titanium Dioxide - Rutil

Additives For Ceramic And Glass

Barium Carbonate
Potassium Carbonate
Sodium Carbonate
Dense Soda Ash
Sodium Nitrate
Sodium Tripolyphosphate
(STPP - Powder)
Sodium Tripolyphosphate
(STPP - Granule)

Additives For Concrete And Cement

Sodium Gluconate
TIPA
Triethanolamin (TEA)
Naphthalene Sulfonate
Monoethyleneglycol

Sodium Ligno Sulfonate
Ammonium Ligno Sulfonate
Potassium Ligno Sulfonate

Raw Materials For Paint And Coatings

Sodium Hexametaphosphate
Hydroxy Ethyl Cellulose (HEC)
Castor Oil
Distilled Coconut Fatty Acid
Soya Lesitin
Gum Rosin
Potassium Carbonate
Ammonium Persulfate
Potassium Persulfate
Sodium Persulfate
Dimethylformamide
Polyvinyl Alcohol (PVA)
Acetone
IPA
Nitric Acid
Benzoic Acid
Ethyl Diglycol
Butyl Glycol
Butyl Diglycol
Dipropylene Glycol
